

Curve Runner - Measuring Wheel

By: ctharp

<http://www.burdastyle.com/techniques/curve-runner-measuring-wheel>

I just want to let everyone know that I have a measuring wheel on Kickstarter that is a super helpful tool for sewers. It is super helpful when measuring the stitching lines on armholes and sleeve heads. As of today, there are only 19 days left on the Kickstarter campaign. So, if interested come see it! Here are a couple of links too: <https://www.kickstarter.com/projects/2037667421/curve-runner-a-great-way-to-measure-curves> or <http://kck.st/1Gk3fKu>
